

2021 was a hard year for many of us in various ways. But *hard doesn't mean useless or void of hope*. May we stop to acknowledge God's sovereign hand over our lives and the hope He always provides in the midst of hard. May we remember the joy that is set before us as we long for our forever inheritance and promised land. May we keep trusting and moving forward in faith when we don't understand what He is doing in our lives and in the world. God has given each day for us to glorify Him and proclaim salvation to a world that needs it. Let us never forget that He is patiently waiting for people to come to Him in faith. For these reasons...

**Let us pursue Him passionately in 2022!**

Join me in making a plan to make every effort to build on the foundation of faith in Christ. Be intentional to set aside time to be with God, to read Scripture, to serve others, and to build up the body of the Church.

**Mourn the losses of 2021 even while you praise Him.  
Enter 2022 *believing, hoping, and trusting* Him for  
whatever lies ahead. He is faithful and good!**
