

I know some of us are glad 2022 is behind us while others are dreading the year ahead. I want to remind anyone struggling that hard doesn't mean being useless or void of hope. I invite you to believe and hold tight to the hope and promises of God. He is always working - even in the worst human situations. May we remember the joy that is set before us as we look in faith toward the future. May we keep trusting and moving forward in Christ's direction when we don't understand what He is doing in our lives -- or in the world. God has given each day for us to glorify Him and proclaim salvation to a world in desperate need. Let us never forget that He is patiently waiting for people to come to Him in faith. For these reasons...

Let us pursue Christ passionately in 2023!

Join me in creating a plan, making every effort to build on the foundation of faith in Christ. Be intentional to set aside time to be with God, to read Scripture, to serve others, and to build up the Church.

Mourn the losses of 2022 even while you praise Him.

Live expectantly as a child of the King.

Enter 2023 *believing, hoping, and trusting* Him for whatever lies ahead. He is faithful and good!

Some stars are solid, while others have a glittery texture. The stars are arranged in a way that they appear to be floating around the year, with some trailing off towards the bottom left corner of the page.
